JAPAN AND BIG 3 UNABLE TO AGREE

Delegates Refuse to Concede Anything Further Than Abandoning Claim to Kiao Chau

SEEK SHANTUNG PENINSULA

Wilson Faces Another Big Issue in This Question as Claim is Based on Secret Treaty

(By United Press.)

Paris, April 29.—The British were reported today to have agreed that the first meeting of the league of nations shall be held in Washington, with President Wilson presiding.

Rome, April 29.—The national council today sent a telegram to President Wilson notifying him that France had formally declared itself united with Italy.

Paris, April 29.—Japanese delegates and the Big Three failed to reach an agreement in the China-Japanese territorial controversy in their first session today. It was semi-officially announced. The conference was resumed at 4 p. m.

The Japanese refused to concede anything further than abandoning their claim to Kiao Chau, retaining the railway concession in the Shantung peninsula and another port, the identity of which was not revealed.

Despite any action taken today, it was learned that final decision probably would be postponed until after the treaty with Germany is signed.

The Japanese representatives, meeting President Wilson prior to the Big Three session, are reported to have demanded that they be awarded the Shantung peninsula. They are said to have held that Great Britain must support them because of the secret treaty pledges of the British to recognize Japanese claims. They argue that China's claims to Shantung are selfish and untenable. They declare the Chinese would have been willing for Germany to continue holding Kiao Chau.

The president faces another big issue in this question as he refuses to recognize secret treaties unless based on right and justice. He will be compelled to make another momentous decision.

A climax was predicted in the China-Japanese territorial controversy when the Big Three met today. According to authoritative information, the Japanese representatives were summoned to the meeting for a showdown.

Just prior to the session, the Japanese delegates conferred with President Wilson. They are understood to have insisted on their rights to the valuable concessions in the Shantung peninsula which they claimed were supported by a secret treaty with Great Britain.

The president, his associates declare, is prepared to take just as firm a stand as he did in the Italian situation. He is said to have the support of the British.

The president's action in issuing his statement regarding the Italians blamed directly for their withdrawal from the peace conference, has been accepted in certain quarters as applying to all nations, whose aspirations exceed the armistice terms and the fourteen points.

BIRTH REPORTED

According to word received here, a daughter has been born to the wife of Floyd Perkins, who was formerly Miss Agnes Foster of this city. The child weighed 6½ pounds and has been named Agnes Aileen.

CAUTION IN DISCUSSION

Republican Leaders Urge Care in Discussing New Draft

(By United Press.)

Washington, April 29.—Republican leaders here today cautioned their fellow members of the senate in discussing the revised league of nations covenant.

Senators Lodge and Curtis, republican and democrat respectively, sent the following telegram to all party senators: "We should caution that republican senators reserve final expression of their opinion on the amended league covenant until the latest draft has been carefully studied and the opportunity afforded for a conference."

MAKING SURVEY OF 27 MARKETS

Elmer Hutchinson Spends the Week-End as the Guest of Home Folks at Arlington

ONE OF A COMMITTEE OF SIX

Permit System Will be in Force in Handling Next Crop, According to Mr. Hutchinson

Elmer Hutchinson, of Arlington, arrived home Sunday afternoon, to stay over Monday, when he joined at Indianapolis the committee of six, of which he is a member, that is making a survey of twenty-seven different markets of the United States east of the Rocky mountains in the capacity of special assistant to the bureau of markets, looking to the betterment of the problems of federal supervision of, the inspection of grain; also to the corrections of railroad facilities for the quick handling of grain in the terminal markets.

Mr. Hutchinson calls attention to the farmers to the fact that the permit system of handling ears will be in force to the elevators on the coming crop, and there is a strong possibility that there will be a lack of equipment available to move the large crop of wheat that is now in prospect, and it behooves those farmers who are in position to do so, to arrange for storage space to care for at least a part of their wheat in the event of a congestion of the elevators.

It is the opinion of Mr. Hutchinson that there will of necessity have to be a very close co-operation of the farmers, elevator men, railroads, and the terminal markets to handle the coming crop to the best advantage of all parties concerned, and he finds that all through the east, the railroads and the terminals are arranging to do all they can to facilitate the movement, but with the present prospects of a billion bushel crop of wheat, and if 75 percent of the growers try to market their crop from the field, it will tax the carriers and terminals beyond their ability. He would also call attention to the prevailing price of wheat at this time which is very much higher than the government guarantee, to warrant those farmers who are in position to hold, to do so as those few who did hold last year are being well paid for their holding.

WAS TO LAND TODAY

Mr. and Mrs. M. M. Coyne received a radio message from their son, Lt. Ivan Coyne, yesterday, that he expected to arrive at Newport News today from overseas.

FALSE ALARM TURNED IN

Another false fire alarm was turned in, last night, which resulted in the department making a run to Spencer and Third streets. This is the second alarm that has been turned in during the last three days.

ONE SOLDIER ASKS TO BE REGISTERED

Will Myers of Anderson Township First to Express Desire to Attend Welcome Home Ceremony

NO COUNTY COUNCIL ACTION

Apparently no Sentiment Here For An Appropriation—Elaborate Preparations Being Made

William Myers of Greensburg, R. R. 13, a returned soldier residing in Anderson township, Rush county, is the first soldier to express a desire to attend the Welcome Home celebration which will be held in Indianapolis in honor of all soldiers, sailors, marines and nurses of the state who participated in the war.

He appeared at the clerk's office in the court house yesterday, and asked where he could register so that he could go to Indianapolis for the celebration, and was referred to T. M. Green, chairman of the county council of defense. No appropriation has ever been made by the county council here, to pay the fare of soldiers who wish to attend the homecoming, as recommended by the state council of defense and state officials, because there apparently was no sentiment here for such action.

Mr. Myers was told by Mr. Green that he would be informed of any action here and left his name and address so that he would be included in case the county decides to pay the fare of returned soldiers to Indianapolis. There is no law under which such an appropriation can be made, but the chief of the state board has announced that all appropriations for this purpose will be passed as legal by examiners for the state board.

Governor James P. Goodrich in a statement to Samuel D. Miller of the executive committee for the Indiana Welcome Home day made just before the governor left for New York, declared emphatically that he wanted every county in the state to feel that it was as much a part of the celebration as the county in which the capital city is located. He said:

"Indianapolis and Marion County are hosts to the returned soldiers, sailors, marines, nurses, and others

SERIOUSLY HURT BLOWING STUMPS

Elmer Murphy of Richland Township Rendered Unconscious in Accident on Anderson Farm

HE IS EXPECTED TO RECOVER

Elmer Murphy of Richland was seriously injured this morning about 11:30 while blowing stumps on the Lyle Anderson farm east of Richland. Mr. Murphy and Ed Grigsby, also of Richland, were blowing the stumps and as Grigsby was some distance from Murphy when the accident occurred he did not know how it happened, and as Murphy is still in a semi-conscious condition he is not able to tell the nature of the accident.

After the explosion Grigsby looked for Murphy and after a search discovered him in an unconscious condition. James Anderson was called and Murphy was taken to his home in Richland, and Dr. W. T. Lampton of Milroy was called. Dr. Lampton states that although Murphy is badly bruised through the stomach and bowels and his head is badly cut, there is no doubt but that he will recover in a short time.

LEO KING NAMED K. OF C. SECRETARY

Will Serve Overseas at One of Three Score or More Establishments Maintained by Order

WILL REPORT IN NEW YORK

Enlisted Early in War With Sanitary Detachment and Was in France With That Organization

Leo H. King of this city received notice today of his appointment as an overseas secretary of the Knights of Columbus. Recently the order asked for a number of volunteers to go abroad and keep up the good work that they had started at the outbreak of the war among the members of the A. E. F. and Mr. King has been chosen as one of the many secretaries that the order is sending over.

The Knights of Columbus have maintained many huts throughout the various parts of Europe and are giving their best efforts to render to the soldiers the service made possible by the generosity of the American people in the great community drive and it is with particular pride that they point to the three score or more of rest and recreation establishments they have maintained beyond the Rhine, and locations have been secured for at least 200 others, everyone of which is to be the best possible to be obtained in Germany, with the aid of money and ingenuity.

While the war was going on the order did not send any man across who was not above the draft age but now that the armistice has been signed, younger men have been recruited for the work so that they may relieve some of the older ones who wish to return to private life, having come from the business and professional world.

Mr. King has been a member of the local council a number of years and should be able to do the K. of C. justice in his new undertaking. He will report for duty at once to the overseas headquarters at New York City for his appointment. Mr. King enlisted early in the war with the sanitary detachment recruited here by Dr. Lowell M. Green and served overseas with that organization.

\$12,000 DAILY RATE FOR TAX COLLECTION

This Average Must be Maintained Remainder of Period For Spring Installment to be Paid

NEXT MONDAY THE LAST DAY

Taxes must be paid at the rate of \$12,000 a day, counting today, for all of the spring installment to be paid by the close of the spring tax-paying period next Monday night, according to Charles A. Frazee, county treasurer, who reported today that spring collections amounted to \$230,196.35 up to the opening of business today, which leaves a little more than \$70,000 to be collected. Collections yesterday amounted to \$14,612.92.

Mr. Frazee announced that the treasurer's office would be open Friday, Saturday and Monday nights for the accommodation of Rushville people who can not pay their taxes during the day. On account of this arrangement, it is urgently requested that Rushville people not call at the office during the day Saturday because it is desired that day be reserved for farmers who have put off paying their taxes.

WORK FOR FEDERAL COURT

Department of Justice May Handle Linton Investigation

(By United Press.)

Indianapolis, Ind., April 29.—Seeking federal prosecution of persons engaged in the labor demonstrations against strike breakers at Linton last night, Governor Goodrich asked the state, county and city officials in Linton to obtain the names of those participating in the demonstrations.

He explained that inasmuch as the telephone company is controlled by the government, the department of justice or federal court should handle the matter.

MARTIAL LAW IN FORCE IN LINTON

Step Taken to Prevent Violence in Connection With Effort to Deport Strike Breakers

EIGHT PHONE GIRLS WALK OUT

State Militia Company Arrives in Town as Result of Demonstration by Sympathizers

(By United Press.)

Linton, Ind., April 29.—Martial law was declared in Linton at 8:10 today to prevent violence in connection with the effort of the local central labor union to deport eight strike breaking "hello" girls of the Linton telephone exchange. Soldiers and local police patrolled the streets and dispersed crowds, which collected on street corners. A company of militia came here from Terre Haute early today in charge of Capt. Beauchamp to take charge of the situation.

Three other militia companies from Evansville, Sullivan and Bloomington, arrived later and together with the Terre Haute company patrolled the streets of Linton to guard against any further labor demonstrations in favor of striking telephone operators, whose places have been taken by strike breakers from Indianapolis.

Military forces were in complete charge of the city as thousands of miners walked about, refusing to go to work out of sympathy with the striking "hello" girls.

Adjutant General Smith received word that the miners had obtained arms and munitions and a quantity of whiskey, preparing for a small demonstration tonight.

The stores closed when clerks walked out with the assertion that they would return when the new home telephone company, a branch of the central union, settled the difficulty with the strikers.

With the exception of throwing bricks, no physical violence has occurred since last night.

Several persons were arrested by the militia authorities for hissing soldiers who were forcing small gatherings to disperse.

Officers of the telephone company were to meet business men and labor leaders this afternoon in a conference to try to adjust the trouble.

Under order of Gov. Goodrich the town was given over to military authorities at 8:10 today.

No physical violence had been committed at that time but there was a demonstration last night following a mass meeting of citizens called by the labor union.

The trouble started when eight telephone operators walked out last Thursday, demanding recognition of their union, increased wages and shorter working hours. Eight substitutes were imported from Indianapolis and the labor union arose in protest.

After a meeting last night a crowd went to the telephone building and

REPORTS TODAY ARE ENCOURAGING

Additional \$50,000 in Subscriptions to Victory Campaign Brings Total up to \$550,000

3 TOWNSHIPS BELOW AVERAGE

War Exhibit Train, With Escort of Soldiers and Sailors, Will be Here From 7 to 11 Tomorrow

With a repetition today of yesterday's report of \$50,000 being subscribed to the Victory Liberty loan in Rush county, the situation respecting the campaign was decidedly encouraging. If this pace is kept up the remainder of the week, there is a strong possibility of the county passing its quota of \$825,000 by Saturday night. Subscriptions up to this morning amounted to \$550,000.

All efforts are being pointed in that direction, because it is earnestly hoped by those in charge of the drive in the county that the goal will be reached by the end of the week, thus closing the campaign in two weeks from the time it was formally opened.

T. M. Green, who is directing the sales by the township committees, received reports today of an additional \$10,200 sold yesterday, but they came from two townships, Ripley and Anderson, which have already reported. Ripley's sales amounted to \$8,800, making the total reported by the township canvassers \$18,350. Anderson's sales yesterday amounted to \$1,400, bringing the township's total up to \$19,750. This makes \$77,500 sold by township canvassers, according to reports received by Mr. Green.

Some townships evidently have not done any work at all. Orange, Ripley, Anderson and Walker are the only ones which have reported to the county sales director. Reports by the banks indicate that very little work has been done in Center or Union, and no report whatever has been received from Richland township, where there is no bank.

There is still much to be done in order to send Rush county over the top before all the rest of the state is white, and because the campaign the last two days has made encouraging progress, it is urged that the workers not allow it to lag again and lose all that has been accomplished in the few days spent.

Preparations were completed today for the coming of the war exhibit train, which is expected to be the most popular and entertaining feature of the publicity campaign in connection with the loan drive. The train will leave Indianapolis at 5 a. m. and arrive here at 7 o'clock over the C. I. & W. It will be stationed in West Fourth street and will be open for visitors from 8 until 11 o'clock, when it will go on to Liberty for the afternoon, and will return to Connersville for the evening. The train will be back through here early Thursday morning enroute to Lawrenceburg.

The war exhibit train consists of three flat cars, a baggage car and a pullman sleeper. An escort of sailors and soldiers travel with it as guards and also to explain the trophies to visitors. All of these men have seen active service during the war and several of them have been the principal actors in thrilling adventures. Nearly all of them have been cited for unusual bravery in action and wear honor medals bestowed by the American and French governments.

Among the many war trophies exhibited on the train is a German machine gun around which was fought one of the hardest hand-to-hand engagements of the war and which was carried away as a souvenir of an American victory. This

DIVORCED, MARRIED AND IN COURT AGAIN

Bessie E. Hoard, Formerly Bessie Borem Asks Decree of Separation From Walter S. Hoard

Divorced December 21, 1918.
Married again March 29, 1919.
Sues for divorce April 29, 1919.
This, in a few words, represents the matrimonial difficulties of Mrs. Bessie E. Hoard, formerly Bessie Borem, who today filed suit for a decree of separation from Walter S. Hoard, \$1,000 alimony, support money during pendency of the case and a permanent restraining order enjoining him from visiting and molesting her. She also requests her name be restored to Bessie E. Borem. Mrs. Borem was divorced by Clarence Borem Dec. 31, last, and was given the custody of her four children, all under twelve.

Mrs. Hoard alleges that in order to induce her to marry him, Hoard promised he would care for the children, but that immediately after their marriage, he commenced to abuse them and her as well, calling the children vile and infamous names and demanding they be placed in a home to be cared for. She says she provided all the clothing and part of the food for them with money paid by her former husband. It charged Hoard frequently threatened to do her harm and did choke her at 1 a. m. April 27. He then abandoned her, it is alleged. The complaint says Hoard is making \$90 a month as a C. I. & W. flagman.

When You Need a Truck

What one are you going to buy? Are you going to buy the one that conservative business men buy or are you going to buy the one that some purchasing AGENT of the government bought without considering whether it was right or wrong. UNCLE SAM paid the freight on all government trucks. But when a highly successful corporation, that was spending their own money that they had made themselves, knew that the government would need GASOLINE delivered to their various camps all over the country and that failure to deliver this gasoline at the right time meant the possible loss of some of our brave boys—WHAT DID THEY BUY TO DELIVER THE GOODS?—

“INTERNATIONAL TRUCKS”

—because they knew that they had never failed to do what they were built to do. There is a difference between SPENDING your own money and money furnished by the government and wide awake business men buy what they KNOW is right. That is what the STANDARD OIL COMPANY did when they bought INTERNATIONAL TRUCKS. They KNEW what was the best and bought them. I want to demonstrate an INTERNATIONAL to every MAN that wants a truck. For they are the ones that one can absolutely depend on—without saying anything about International Service or that repairs and expert service are always obtainable at Richmond in THREE HOURS time. It makes no difference what truck you buy, you will need repairs and expert service sooner or later. That is what we are going to give you when you want it without any delay. WATCH the Standard Oil Company TRUCKS. You can see them on the streets every day. When you buy, BUY one that you can use every day, and not in the repair shop all the time. I will gladly demonstrate the INTERNATIONAL to you at any time.

demanded that the strike breakers be taken from the job immediately. H. M. Guthrie, manager of the company of Linton, stood his ground and refused to remove them. He asked aid from the sheriff and police, who then appealed to Governor Goodrich.

In the demonstration, which continued until morning, the operators left the switchboards and took refuge on the roof of the telephone

building. A few bricks were hurled through windows of the building and other windows were broken, but no one was injured.

Frank Wampler, of Indianapolis, general manager of the General Union Telephone Company, parent corporation of the Linton company, is in the city today and he planned to meet with business men of Linton in the afternoon in an effort to adjust the situation. It is predicted that the trouble would be short lived and that an agreement will be reached in a few days at least.

Maxwell —a car built 1/1000 of an inch fine

THE word “fine” has many meanings. Applied to a car it may mean the car looks fine, or it may mean the car is built fine.

The public usually makes up its mind about the former, and hears little about the latter.

Maxwell is a car built to very fine limits. When you begin to separate an inch into one-one thousandth part you will readily realize the pains taken to make the Maxwell right.

It means that each one of the working parts of the Maxwell are made accurate to that exceedingly fine point.

There's a good reason for this. In a great production like the Maxwell there would be a tremendous waste of time and materials unless there was such painstaking accuracy.

It would mean a car \$200 more in price.

That is why Maxwell parts are “ground to size”—the most expensive operation in modern machine shop practice—not hand-fitted as they are in cars costing hundreds of dollars more.

And, by the way, that is why some cars cost hundreds of dollars more.

So that is one of many reasons why there is a 300,000 run on this single Maxwell chassis model. 300,000 built all on the original chassis program. 300,000 that are giving an extraordinary record of themselves.

Each new Maxwell is better than the last. Each new Maxwell is finer than the one that went before.

It is built fine. That is our idea of a fine car.

Hastening Peace

In some quarters there has been some disposition to criticize the peace conference for not hastening peace and leaving the league of nations for settlement afterwards. The criticism has come from abroad as well as from the United States. It is argued, of course, that the American citizen is without the right to criticize the actions of the peace conference because he is not possessed of all the facts and is not acquainted with conditions.

Nevertheless, the feeling has grown that better results could have been obtained by concluding peace with Germany as soon after the armistice was signed as possible, and reserving the prolonged discussion over the world constitution for a future date.

The American soldiers in France and Germany, the men who have suffered most from the delay and feel it most keenly, have been more severe in their denunciation of the prolonged procedure which has kept them away from their homeland unnecessarily long. The civilian who did not do the killing for the protection of his country, may lay himself liable to criticism if he utters any critical comment on the policy which has been pursued at Paris, but it is not without the province of the soldier, who felt all the hardships of war and is longing for a glimpse of American shores, to

speak out his feelings. To him falls the lot to say what he pleases, whenever he pleases, and there is none who is better qualified to speak none who has the privilege to criticize like he has. Nothing has been spoken or printed which expresses the feelings of the soldier, held in France because of the delay in concluding peace, better than the following poem which has been sent to the Republican by Major George B. Jones, former Rushville physician who is overseas:

Darling, I am coming back
Silver threads among the black
Now that peace in Europe nears
I'll be home in seven years.

I'll drop in on you some night
With my whiskers long and white
Yes, the war is over, dear,
And we're going home, I hear.

Home again with you once more
Say by nineteen twenty-four
Once I thought by now I'd be
Sailing back across the seas.

Back to where you sit and pine
But I'm stuck here on the Rhine
You can hear the men all curse
War is hell, but peace is worse.

When the next war comes around
In the front lines I'll be found
I'll rush in again pell mell
Yes, I will like hell, like hell.

The peace congress at Paris includes a clause in the provision regarding the trial of the former kaiser, to insure him justice. It will surely be necessary to show Wilhelm any such courtesy because he would not appreciate it, since he has proved that he does not know what justice means.

If the returned soldiers of Rush county want a free trip to Indianapolis for the Welcome Home celebration, they should hurry and make themselves heard because the hour is growing late.

Not satisfied with filling farmers with gloomy forebodings over the prospects of a visitation of the seventeen-year locust, the powers that be had to ring in a killing frost.

It is hoped that the war exhibit train, due here tomorrow morning, will not meet the fate of the whippet tank, which was lost in the wilds of southern Indiana.

SECOND CONVOCATION HELD

Made Necessary by Great Number of Petitions Received

(By United Press.)

Indianapolis, Ind., April 29.—A second spring convention of the Scottish Rite, made necessary by the great number of petitions received, opened here today to continue through May 1.

So many requests have been made by prospective candidates and their friends that the second convocation was decided upon early this month.

The total number to receive the degrees for the first half of 1919 is expected to reach 1,000.

LAMBERT IS CHAIRMAN

D. D. Ira Lambert, pastor of the First Presbyterian church, has been named chairman of Rush county for the after-war program of the Y. M. C. A. by John L. Turner of Greensburg, district chairman. A conference of workers of several counties was held at Greensburg last Friday to work out plans in each community to aid men returned from military service to get back into civilian life.

INSTRUCTIONS TO YANKS RELATIVES

Local Life Insurance Men Can Give Assistance to Soldiers Concerning Government Policy

SOME SUGGESTIONS ARE GIVEN

When Writing to Insurance Bureau be Sure and Give the Desired Information For Results

The treasury department of the bureau of War Risk insurance at Washington, D. C., has suggested that local life insurance men can give any returned soldier information concerning his policy with Uncle Sam. Suggestions are also made concerning the correspondence of relatives regarding allotments and allowances as to compensation and as to insurance. A large number of men in the service having the same name and initial, it is difficult to identify the person referred to unless identifying facts are given when corresponding, to enable the bureau to locate the records.

As an example the war department states that there are over 1,200 Smiths whose names begin with E. To enable the war department quickly to locate the soldier referred to when corresponding concerning allotments and allowances, the following should always be stated: Full name of enlisted man, present address, his allotment number and army serial number, date of enlistment, rank and organization November, 1917, or at enlistment if subsequent thereto, full name of allottee, the relationship to the enlisted man and the address of the sender.

When corresponding as to compensation the following should be stated: Full name of enlisted man, present address, his army serial number, date of enlistment, rank and organization, date of death or discharge from the service, full name of beneficiary and the beneficiaries address.

When corresponding as to insurance, the following should be given: Full name of insured, present address, army serial number, rank and organization when insured, insurance certificate number, date of birth, date of discharge, full name and address of beneficiary. Letters concerning the non-payment of the allotment or allowance, compensation or insurance, should be addressed to the accounting division of the bureau. Letters concerning compensation or insurance due to death or disability should be addressed to the compensation and insurance claims division of the bureau.

NEGROES WILL TAKE PROMINENT PART IN METHODIST CENTENARY CELEBRATION

THE Methodist Centenary celebration, which will be held in Columbus, O., June 20 to July 13, will for all time establish recognition for the negro on the international church map by transferring him from his traditional racial role of recipient to that of a potent contributor to the world's religious uplift.

"The very fact that all Methodism is celebrating the one hundredth anniversary of the birth of missions is a tribute to the zeal and the consecration of its negro membership exemplified in the person of John Stewart, a negro member of the Methodist Episcopal Church, who started at Upper Sandusky, O., the first home community social center houses, one

siding over the A. M. E. church of Tennessee; Dr. E. W. S. Hammond, editor of church literature, Rushville, Ind.; Dr. J. W. Robinson; Dr. G. R. Bryant and Dr. E. M. Carroll of Chicago; Dr. R. E. Jones, editor of the Southwestern Christian Advocate; Dr. W. M. Brooks of New York; number of college presidents and district superintendents as well as a host of well educated, intelligent men and women, lay representatives of the varied fields of African Methodist church activities.

missionary work ever done in our country," said Dr. E. L. Gilliam, pastor of the St. Paul's A. M. E. church of Columbus and chairman of the African Centenary bureau, in a recent interview.

Among negroes of prominence who will be in Columbus to take part in the Centenary proceedings are Bishop Alexander Camphor of Monrovia, Africa; Bishop Issah Scott of Nashville, Tenn.; Dr. W. A. C. Hughes, field secretary of the Board of Home Missions; Drs. F. M. Delaney of the Cincinnati-Maysville district and A. M. Jones, field secretaries of the Board of Sunday Schools; Dr. W. S. Sherrill, field secretary of the Board of Foreign Missions; Dr. J. H. C. Coggins, field secretary of the Board of Temperance; Dr. I. G. Penn, corresponding secretary of the Freedman's Aid Society; Bishop O. A. Carter, pre-

on the tax duplicate for \$25,000, the other for \$20,000; a Y. W. C. A. war community center, a theater and a movie house and two good hotels.

A thoroughly organized African Centenary committee is actively engaged in perfecting plans for the participation of nearly 2,000 negroes in various forms of the celebration activities. This committee includes district superintendents and the pastors and lay members of the Columbus churches, who have charge of the enlistment of Africans for pageant and musical service and securing of accommodations for the Centenary visitors. Already a chorus of 500 colored singers, two colored bands, one of men, the other of women, and college quartettes are pledged and in training. In addition 300 negroes will take part in the pageants and assist in the demonstration exhibits.

fight occurred during the battle of Belleau Woods, where the Yankee fighters forced their way step by step to victory in the face of a terrific German cross-fire that left the ground strewn with the bodies of American soldiers. Here a certain machine gun nest of the foe survived the deadly fire of Uncle Sam's men, after all those around it had been silenced. It seemed to be protected by some magic power and

took a frightful toll of Yankee dead and wounded.

Finally a squad of the most intrepid fighters in the attacking force adopted Indian tactics of approach just at dusk, deploying to a point of vantage at one side of the nest and suddenly making a fierce attack upon the German gunners. In a brief and fierce hand-to-hand engagement they not only killed or captured every one of the Germans occupying the nest, but captured the gun and several others in the vicinity that feebly replied to the unexpected attack of the Americans. This gun was one of the first war trophies sent back to this country and has attracted unusual attention wherever the war exhibit train has been sent during the Victory Loan campaign.

Among other interesting relics carried on the train will be a wreck-

WOULD CHANGE THE HOURS

Citizen Thinks C. I. & W. Flagmen Should Serve After 6 P. M.

The local city council passed an ordinance early in March which cut the hours of the railroad flagmen from 12 to 8. It was pointed out by a prominent citizen that the council used poor judgment in determining the hours. One physician stated this morning that the trains after six o'clock on the C. I. & W. railroad were the two most dangerous ones during the day. He pointed out that at this time of the evening downtown people are going home from business and it is the busiest time of the day, and he thought that the city council should reconsider the ordinance and at least change the hours of the flagmen to include the two trains at 6:05 and 6:22 p. m.

TO OPPOSE JAPAN'S CLAIMS IN CONFERENCE

Pres. Wilson Thinks Such Action Would Bring Subject up For Final Decision

HE WILL REMAIN IN PARIS

(By United Press)
Washington, April 29.—President Wilson is expected by his friends here to speak out in opposition to Japan's peace conference objections in China.

Such action, they say, would bring the whole subject of "secret treaties or open diplomacy" up for final decision before the peace conference.

It is stated by Wilson's friends that he is prepared now to remain in Paris and battle to the end for what he believes is the right settlement instead of being ready to quit the conference if his views do not prevail. It is now the official conviction the president spoke out on the Fiume question in order to pave the way for an announcement of Japan's contentions.

On the eve of the allied meeting with German peace delegates, it developed, according to information received here, that there is continued difficulty in arriving at a solution of the problem of collecting indemnities from Germany.

NERVOUSNESS ON THE DECLINE

Doctors Encouraged, They Hold Out Hope for All

"Nothing wrong but my nerves." We hear it at home, at work and everywhere. Certainly, nervousness is a disease. A man or woman might better have a broken leg than a shattered, run down nervous system.

Overwork and worry drains the nerve cells and centers of all their strength and vitality; then you get your sleepless nights, poor blood, nervousness, worry and fear. The better doctors of today know just what to do in cases of this kind. A few weeks' use of Phosphated Iron rarely fails to strengthen and feed the Phosphate-hungry nerve centers.

Phosphated Iron certainly does take hold. The way the majority of patients come back is remarkable.

What a change in appearance, too. The cheeks become filled out and flushed with the healthy ruddy glow that only pure, red, ironized blood can give. Eyes sparkle, their step has the spring and swing of youth and their whole system is ready to live with energy and good spirit.

Mr. Nervous Man or Woman, Phosphated Iron will do all that for you if you will give it a chance. Do not drag around, all in and half dead another day when help is so near. Get busy! and be a live one once again!

To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsule only, so do not allow dealers to give you pills or tablets. Insist on capsules.

LOCAL BOY GIVES LOAN EXHIBITIONS

Albert L. Updike, Does Daring Air Feats Over Chicago in Interest of Victory Drive

LIVED IN WALKER TOWNSHIP

Now Has Charge of Final Assembly and Testing Departments at Speedway Repair Depot

The name and pictures of a former Rush county boy, Albert L. Updike, well known in Walker township appeared in the Chicago papers, one day last week, in connection with an interesting article on his air exhibitions there in the interest of the Victory loan drive.

Sergt. Updike, until recently a flying mechanic in the U. S. air service, is a recognized authority on the Liberty motor and holds a responsible position at the Speedway repair depot at Indianapolis.

He made the cross-country trip, in the interest of the loan drive, to Chicago from Speedway Field in company with Harry C. Boomstar, flying instructor at the Speedway. The two fliers left the Indianapolis flying field last Tuesday at 11:40 a. m. and landed at Chicago at 3:30 p. m., after making a one and one-half hour's stop at Winamac for a demonstration and exhibitions of stunt flying over practically all the northern Indiana towns on their route.

One Chicago paper printed a picture of the plane flying upside down, fifty feet above the waters of Lake Michigan and pronounced it one of the most daring feats ever witnessed over Chicago.

Sergt. Updike enlisted in the air service over eighteen months ago and has since been located on several of the various fields. Since his discharge a few weeks ago, he has had charge of the final assembly and the testing departments of the Speedway repair depot and is responsible for the condition of all planes leaving the Speedway field.

Sergt. Updike has many friends in this county who are proud of the great success that he has attained in the air service and wish him further honors.

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

MOTHERS, DO THIS—When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food soured and ferments, and, passing into the intestines, becomes a breeding place for countless millions of deadly germs—toxic poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and energy; robs them of their vigor and vitality. Biliousness, bad liver, nervousness, blinding, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common source—an acid-stomach.

Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; disgusting, belching, food-repeating, sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any

way connected with the stomach. Pleasant tasting EATONIC TABLETS that you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess hurtful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it!

If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today, it costs but little and the results are wonderful!

"The Two Brides" at Princess

Several sets of remarkable beauty have been provided by Director Edward Jose in the new Paramount picture, "The Two Brides," starring Lina Cavalieri, the famous prima donna which is being shown at the Princess theatre tonight. One of these in the reproduction of the old Italian Renaissance period in Italy.

In the story of "The Two Brides" Donata di Marchesi is an impoverished sculptor, living on a rugged island in the Mediterranean. His beautiful daughter Diana, the part played by Mme. Cavalieri, is his model in the sculpturing of a remarkable statue called "The Goddess." This statue is an exact reproduction, facially, of Mme. Cavalieri and is said to be a splendid likeness.

The studio of Donata is a remarkably beautiful one, the stained glass windows used in the set having been purchased long before the war, from an Italian manufacturer for another photoplay, which was never produced, but which filled the necessary requirements of this photoplay most admirably. Numerous old paintings of great value were provided for this set, which will be found to be one of the most sumptuous ever seen in any motion picture.

Tomorrow Constance Talmadge in "Who Cares?" will be shown.

Tom Mix at Mystic

There is no doubt that the American troops in France are showing the Germans new tricks. American ingenuity has startled the world. It is possible to see how clever some Americans are when after bad men by seeing Tom Mix in "Treat 'Em Rough," which is being shown at the Mystic theatre tonight.

The cattle rangers baffle Mix for a short time, possibly because he does not possess a seventy-two centimeter gun, but Tom quickly overcame all that by using a horseless wagon as a battering ram. A real thrill of a life time is provided as he speeds down the mountain side in this wagon and dash through the bandit's hut.

Tomorrow Mary Miles Minter in, "The Eyes of Julia Deep," and a two act comedy drama, "Throughout the Storm," will be shown.

In brief, "The Eyes of Julia Deep" is a comedy drama having to do with a little girl who sits at the exchange desk of Timothy Black's store and listens to complaints by day, and at night she tries to in-

EVENING DRESSES TABOOED

Evansville High School Cuts The H. C. L.

(By United Press.)

Evansville, Ind., April 29.—Evening dresses at the commencement exercises of the Evansville high school in June are taboo. This agreement was reached by members of the senior class when they met to discuss plans for graduation day.

Furthermore there will be no more flowers, no caps or other frills. No dress will cost more than \$15 the girls say.

The boys also have pledged themselves to practice economy in the matter of commencement day attire.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nausea, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with head-ache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haaslem Oil Capsules. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL Haaslem Oil Capsules are imported from the laboratories at Haaslem, Holland. Do not accept a substitute. In sealed boxes, three sizes.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting exactly the cultivation you want it to have, you think what a blessing it is that you have a machine to do all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

HOW TO OBTAIN BACK ARMY PAY

War Department Warns Soldiers Lawyers Are Needless.

RED CROSS WILL ASSIST

Full Instructions Are Given Telling How Discharged Officers and Enlisted Men May Collect Arrears in Pay—Claims for Insurance and Allowances Should Be Sent to the Bureau of War Risk Insurance.

It has come to the attention of the war department that the claims of many discharged officers and enlisted men for arrears in pay are being forwarded to the director of finance by attorneys and other claim agents. Without questioning such procedure, it is desired to emphasize the fact that the settlement of any claims received as above is not expedited but, on the contrary, is delayed by reason of the additional filing and handling of the necessary papers of the agent or intermediary. The claim of the soldier is all that is required, and such claim should be submitted directly by the discharged officer or soldier to the war department, which will give the aforesaid claims as prompt and careful consideration as possible. Any fee paid by the soldier to an attorney or claim agent is a needless expense.

Attention is invited to the fact that claims for arrears in pay, including travel pay, should be sent to the director of finance, Washington, D. C.

How to Get \$60 Bonus.

Claims for the \$60 bonus authorized by the act of February 24, 1919, should be sent to the zone finance officer, Lemon building, Washington. The application for bonus should be accompanied by (a) the discharge certificate or order for discharge or release, if no certificate was issued, but both certificate, and order if both were issued, the paper bearing indorsement of final payment being required; (b) a statement of all military service since April 6, 1917, showing place and date of reporting at first military station, and (c) the address to which the check should be sent.

Inquiries concerning deliveries of Liberty bonds purchased by allotments from army pay should be addressed to the zone finance officer, Washington, D. C.

Claims for arrears of pay due a deceased officer or enlisted man at time of death should be addressed to the auditor for the war department, Washington, D. C.

All claims for insurance, unpaid family allowances and compensation for death or disability, under the war risk insurance act should be made direct to the bureau of war risk insurance, treasury department, Washington, D. C. Considerable time will be saved if all such claims are dispatched direct rather than to the war department, which does not pay such claims, but refers them to the bureau of war risk insurance, treasury department, and the mistake of addressing such claims to the war department only results in considerably delaying their settlement.

Allotments of pay when no government allowance is concerned, are paid through the army allotment system, war department, and inquiries concerning such claims should be addressed to the zone finance officer, Washington, D. C.

The fact that there is no necessity to employ attorneys or other claim agents to assist in collecting claims of soldiers or their beneficiaries applies just as emphatically to war risk insurance claims as to army pay, travel pay and bonus against the war department.

Red Cross Will Assist.

The department of orphan relief, American Red Cross, through its home service sections, is glad to assist all discharged officers and soldiers, or their beneficiaries, who have claims against the government in making out any necessary papers or correspondence.

The bureau of war risk insurance urges the following points to be observed:

"In writing to the bureau of war risk insurance with reference to a claim for compensation or insurance on account of death or disability, address your letter as follows: Compensation and Claims Division, Bureau of War Risk Insurance, Washington, D. C. In case you are writing about a death claim, give the full name, rank and organization in the service of the deceased person, and if he died in the service, the date of his death, and if he died after discharge from the service, the date of his discharge.

"If he had insurance and you know the insurance certificate number, state the insurance certificate number also in your communication. If you are a disabled man discharged from the service, or are writing on behalf of a man disabled in the service, state the full name, rank, and organization in the service and the date of discharge from the service, and in every instance give the man's correct home address and the address to which a reply should be directed by the bureau of war risk insurance."

Traced the Pantalones.

The only description the Minneapolis police had of Dolly Ellsberry, nineteen, was that she wore green pantalones. They found 'em on a clothes line. She confessed robbery.

PIANO OR LIBERTY BONDS

Successful Business Woman Says She Cannot Buy Luxuries Until Victory Liberty Loan Is Triumphantly "Put Over."

"No, I haven't bought my piano yet. I was just about to buy one when the first Liberty loan was announced, and I couldn't make it seem patriotic to spend for purely personal purposes the money that might also help the government. I felt just the same way about the second Liberty loan and the third and fourth, and of course I shan't think of buying a piano now until the Victory loan has been triumphantly 'put over.' I couldn't make it seem right."

The speaker last year "wrote" over \$100,000 worth of life insurance business. This year she expects to attain a \$200,000 total, having already \$140,000 to her credit since last July, when the current "insurance club year" started. Oh, yes, she's a real woman! Her name is Maud M. Freeman and she's known to thousands of Chicago business men and women.

She could have bought a piano several times over and still have done her duty by herself and her country in the way of buying Liberty bonds. But—her full duty, as this patriotic and successful citizen sees it, means helping on the work of the United States government in every possible way.

She does her duty in the way of War Savings stamps also, to say nothing of Thrift stamps. The latter she uses as tips when traveling, etc. Last

Christmas she used them, almost exclusively, for presents for children, young people, intimates. Next Christmas she plans to do the same, while all through the year Thrift stamps will serve her, whenever possible, as "small change" or currency.

"No investment possibly could be so safe or so desirable as United States government securities," says the woman, whose generous income tax was paid cheerfully and without a murmur, because "I'm so glad to have been able to earn so good an income."

—HELP "FINISH THE JOB."—

The money to be raised by the Victory Liberty loan already has been spent. It furnished the "punch" that won the war and saved the lives of 100,000 of America's bravest boys. It is this unshed blood you are paying for when you subscribe to the Victory Liberty loan.

The war is not over, and our duty to support our forces is not over until they are back home again. The Victory Liberty loan is to bring them back—to finish the job.

We are still the world's Big Brother. Stand back of the Victory Liberty loan.

I felt just the same way about the second Liberty loan and the third and fourth, and of course I shan't think of buying a piano now until the Victory loan has been triumphantly 'put over.' I couldn't make it seem right."

The speaker last year "wrote" over \$100,000 worth of life insurance business. This year she expects to attain a \$200,000 total, having already \$146,000 to her credit since last July, when the current "insurance club year" started. Oh, yes, she's a real woman! Her name is Maud M. Freeman and she's known to thousands of Chicago business men and women.

She could have bought a piano several times over and still have done her duty by herself and her country in the way of buying Liberty bonds. But—her full duty, as this patriotic and successful citizen sees it, means helping on the work of the United States government in every possible way.

She does her duty in the way of War Savings stamps also, to say nothing of Thrift stamps. The latter she uses as tips when traveling, etc. Last

Christmas she used them, almost exclusively, for presents for children, young people, intimates. Next Christmas she plans to do the same, while all through the year Thrift stamps will serve her, whenever possible, as "small change" or currency.

"No investment possibly could be so safe or so desirable as United States government securities," says the woman, whose generous income tax was paid cheerfully and without a murmur, because "I'm so glad to have been able to earn so good an income."

—HELP "FINISH THE JOB."—

The money to be raised by the Victory Liberty loan already has been spent. It furnished the "punch" that won the war and saved the lives of 109,000 of America's bravest boys. It is this unshed blood you are paying for when you subscribe to the Victory Liberty loan.

The war is not over, and our duty to support our forces is not over until they are back home again. The Victory Liberty loan is to bring them back—to finish the job.

We are still the world's Big Brother. Stand back of the Victory Liberty loan.

PERMIT CHANGES FOR ROAD CONSTRUCTION

Where Contracts Have Not Been Let
and Found More Expedient
Under Unit Law

OPINION OF ELE STANSBURY

Ele Stansbury, attorney general, in an unofficial opinion submitted to M. E. Noblet, secretary of the Hoosier State Automobile Association, held that it would be proper for county commissioners to set aside proceedings for the construction of a road under the three-mile road law if the contract had not been let and it was found more expedient to build under the county unit law.

"Where proceedings have been commenced for the construction of roads under the three-mile gravel road law," the opinion reads, "and where no contracts have been let and the commissioners desire to make improvements under the county unit law and proper petitions have been filed and proceedings had therefor, it will not be improper for the board of commissioners to take up and reconsider the three-mile road proceedings."

"In such a case, the attorney general says, 'it must be found that the road sought to be improved under the three-mile road law is covered by a proceeding under the county unit law.' He also pointed out that in order to make the change it would be necessary to determine that 'the board of county commissioners intends to order the construction of an improvement... equal or better than the one ordered under the township proceedings.'"

The city or suburban home that attaches to itself a garden has done more than merely to provide a source of fresh vegetables.

It has taken a big step toward making that particular household dependent only upon itself.

It has done its part toward eliminating the duplication of effort that comes through shipping foodstuffs to communities that have unused lands capable of supporting a large part of their population.

It has provided a place where the youngsters of the family can get an elementary insight into the wonderful workings of natural forces.

It has made a workshop where the leisure hours of the older members can be converted into tangible and profitable results.

Get a garden going for the good it gives.

DOING HER BIT

"More than a year ago I took a course of Mayr's Wonderful Remedy for gall stones, severe colic and stomach trouble and have been entirely well ever since. I have recommended it to many other stomach sufferers, as I felt it was my duty to tell them just how much good it has done me." It is a simple, harmless preparation that removes the entangled mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—(Adv.)

NEWLYWEDS MISSING FOR MORE THAN A WEEK

Mr. and Mrs. Wesley Coers, Who
Were Married Here March 26
Disappear From Home

A DESIRE TO SEE THE WORLD

Shelbyville, Ind., April 29.—Mr. and Mrs. Wesley Coers, who were married in Rushville on March 26, have not been heard from since Saturday, April 19, when they left this city, evidently with the intention of seeing the world. Both are eighteen years of age and well known in the Blue Ridge community.

Mr. Coers is the son of Henry Coers, a prominent farmer one and a half miles west of Blue Ridge, and since his marriage to Miss Manetta Bair, adopted daughter of Mr. and Mrs. Philip Redenbough, of Rush Co., has been living with his wife at the home of his father. A week ago last Saturday, without any word to his father, he sold his horse and buggy and drew his money from the two loan companies in this city and boarded a train with his young bride.

No other reason can be assigned for their departure than an overpowering desire to see a little of the world. Neither have been away from home before except young Coers, who was at an Indianapolis hospital for two weeks. Home conditions were ideal.

Montana sets the highest minimum age (sixteen years) at which a child is allowed to work.

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY

THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

We sell Page, Elwood and American Fence.

We give 5% off for cash.

CHARLOTTESVILLE MAN WINS IN HIGHER COURT

Suit Over Farm Trade Which Was
Filed Here, is Decided in Favor
of Richard R. Harter

MISREPRESENTATION ALLEGED

The Indiana appellate court has ruled in favor of Richard R. Harter of near Charlottesville, Rush county, in a case which J. Edward Morris, a real estate dealer of Indianapolis, filed against Mr. Harter in the Rush circuit court and was finally tried in the Marion circuit court before Judge Eubank. The trial judge found in favor of the Indianapolis real estate dealer and Mr. Harter appealed with the result that the higher court was reversed.

The suit involved the trading of Mr. Harter's farm to Mr. Morris for a farm in Starke county. The Rush county man alleged the Starke county farm was misrepresented to him and refused to abide by his contract, and Morris sued. The higher court decided the trial judge erred in overruling Mr. Harter's demurrer to the complaint, and that the contract entered into by Mr. Harter with Mr. Morris was not binding because the acceptance was not delivered in the specified time.

The suicide rate of Germany was before the war, the highest in the world—twenty-one in 100,000 yearly.

FINED FOR INTOXICATION

Lewis Perkins was fined one dollar and costs late yesterday afternoon when he pleaded guilty to a charge of public intoxication. The fine was paid. Willard Bennett is also under arrest, being charged with the same offense. His trial is set for tomorrow morning at nine o'clock.

WOMAN CRIED WITH PAIN

Thousands of women work while suffering from kidney or bladder ailments that can be relieved. Mrs. L. Wayne, 2726 3rd St. Ocean Park, Cal., writes: "I had to sit down during my housework. My back ached so, also my hip pained me so I used to cry out, the pain was so great. Now I am thankful to say that Foley Kidney Pills rid me of all my pain." Backache, sore muscles, stiff or swollen joints, rheumatic pains are indications of kidney trouble. Foley Kidney Pills are safe and reliable. They bring quick results. F. B. Johnson.—(Adv.) 2

F. C. DEGREE

The F. C. degree will be conferred by Phoenix lodge No. 62, F. & A. Masons, Tuesday evening at 7:30 o'clock, on a class of eight candidates. Every member is urged to be present.

Over two thousand years ago the ancient Gauls made good soap of beech ashes and the fat of goats.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

ALL LOUD IN THEIR PRAISE OF
"NEUTRONE PRESCRIPTION 99"

A working man buying a bottle of "Neutrone Prescription 99" was asked how it was helping him.

"Helping me", he replied. "Why, there is nothing on earth like it. You don't know how my poor swollen, stiff joints and muscles pained and burned. I was nearly crazy with suffering and the worry of losing so much time and pay."

"Before I knew about 'Neutrone Prescription 99' I tried all kinds of tablets and liniments, but one bottle of 'Neutrone Prescription 99' helped me so much that I am never without it now. All pain and swelling is gone and I feel like doing things."

"'Neutrone Prescription 99' certainly must be a wonder", the druggist replied. "We have never handled anything like it, they all say the same", 50c and \$1.00 the bottle.

WOMEN WILL RECEIVE MANY VICTORY LOAN MEDALS

As in Former Liberty Loans, Women of District Will Do Great Work in "Carrying On" to Success the Victory Liberty Loan.

Ten thousand medals made from captured German cannon are to be distributed to women Victory Loan workers throughout the states of Illinois, Iowa, Michigan, Indiana, and Wisconsin at the close of the coming campaign.

The United States treasury department has taken this means of showing its appreciation of the work done by thousands of volunteer workers in Liberty Loan drives. The medals are to be made from German cannon captured by American troops at Chateau Thierry. These cannon have been melted, and the metal rolled into sheets, from which the medals are made.

This badge will be the first of its kind to be distributed in the United States since the war. It will be about the size of a half dollar, and will contain on one side a reproduction of the United States treasury building, with the words, "Victory Liberty Loan," and on the other side the certification of the work done in the Victory Loan campaign with a blank space in which the name of the recipient will be engraved.

Women all over the country have shouldered a large share of the work in preceding loan campaigns, and the roll of honor undoubtedly will be just as large in the coming Victory Loan. In the last drive more than \$3,000,000 was subscribed in amounts of \$1,000 or less, much of which the women's committees were responsible for.

Victory Liberty Loan workers will include many prominent women from this as well as from other districts. Mrs. G. Edgar Allen of Detroit has been appointed state chairman for Michigan. Other state chairmen working under the leadership of Miss Grace Dixon, woman's director for the Seventh Federal Reserve district, are: Mrs. Howard T. Willson, chairman for Illinois; Mrs. James Mariner, Wisconsin; Mrs. F. H. McCulloch, Indiana, and Mrs. W. W. Marsh, Iowa.

These are only a few of the many women who will lay aside social and business responsibility for patriotic service during the Victory Liberty Loan campaign, and who will be among the thousands of recipients of the Victory Liberty Loan medals.

JAPAN AND BIG 3 UNABLE TO AGREE

Delegates Refuse to Concede Anything Further Than Abandoning Claim to Kiao Chau

SEEK SHANTUNG PENINSULA

Wilson Faces Another Big Issue in This Question as Claim is Based on Secret Treaty

(By United Press.)

Paris, April 29.—The British were reported today to have agreed that the first meeting of the league of nations shall be held in Washington, with President Wilson presiding.

Rome, April 29.—The national council today sent a telegram to President Wilson notifying him that France had formally declared itself united with Italy.

Paris, April 29.—Japanese delegates and the Big Three failed to reach an agreement in the Chino-Japanese territorial controversy in their first session today, it was semi-officially announced. The conference was resumed at 4 p. m.

The Japanese refused to concede anything further than abandoning their claim to Kiao Chau, retaining the railway concession in the Shantung peninsula and another port, the identity of which was not revealed.

Despite any action taken today, it was learned that final decision probably would be postponed until after the treaty with Germany is signed.

The Japanese representatives, meeting President Wilson prior to the Big Three session, are reported to have demanded that they be awarded the Shantung peninsula. They are said to have held that Great Britain must support them because of the secret treaty pledges of the British to recognize Japanese claims. They argue that China's claims to Shantung are selfish and untenable. They declare the Chinese would have been willing for Germany to continue holding Kiao Chau.

The president faces another big issue in this question as he refuses to recognize secret treaties unless based on right and justice. He will be compelled to make another momentous decision.

A climax was predicted in the Chino-Japanese territorial controversy when the Big Three met today. According to authoritative information, the Japanese representatives were summoned to the meeting for a showdown.

Just prior to the session, the Japanese delegates conferred with President Wilson. They are understood to have insisted on their rights to the valuable concessions in the Shantung peninsula which they claimed were supported by a secret treaty with Great Britain.

The president, his associates declare, is prepared to take just as firm a stand as he did in the Italian situation. He is said to have the support of the British.

The president's action in issuing his statement regarding the Italians blamed directly for their withdrawal from the peace conference, has been accepted in certain quarters as applying to all nations, whose aspirations exceed the armistice terms and the fourteen points.

MAKING SURVEY OF 27 MARKETS

Elmer Hutchinson Spends the Week-End as the Guest of Home Folks at Arlington

ONE OF A COMMITTEE OF SIX

Permit System Will be in Force in Handling Next Crop, According to Mr. Hutchinson

Elmer Hutchinson, of Arlington, arrived home Sunday afternoon, to stay over Monday, when he joined at Indianapolis the committee of six, of which he is a member, that is making a survey of twenty-seven different markets of the United States east of the Rocky mountains in the capacity of special assistant to the bureau of markets, looking to the betterment of the problems of federal supervision of the inspection of grain; also to the corrections of railroad facilities for the quick handling of grain in the terminal markets.

Mr. Hutchinson calls attention to the farmers to the fact that the permit system of handling cars will be in force to the elevators on the coming crop and there is a strong possibility that there will be a lack of equipment available to move the large crop of wheat that is now in prospect, and it behooves those farmers who are in position to do so, to arrange for storage space to care for at least a part of their wheat in the event of a congestion of the elevators.

It is the opinion of Mr. Hutchinson that there will of necessity have to be a very close co-operation of the farmers, elevator men, railroads, and the terminal markets to handle the coming crop to the best advantage of all parties concerned, and he finds that all through the east the railroads and the terminals are arranging to do all they can to facilitate the movement, but with the present prospects of a billion bushel crop of wheat, and if 75 percent of the growers try to market their crop from the field, it will tax the carriers and terminals beyond their ability. He would also call attention to the prevailing price of wheat at this time which is much higher than the government guarantee, to warrant those farmers who are in position to hold, to do so as those few who did hold last year are being well paid for their holding.

ONE SOLDIER ASKS TO BE REGISTERED

Will Myers of Anderson Township First to Express Desire to Attend Welcome Home Ceremony

NO COUNTY COUNCIL ACTION

Apparently no Sentiment Here For An Appropriation—Elaborate Preparations Being Made

William Myers of Greensburg, R. R. 13, a returned soldier residing in Anderson township, Rush county, is the first soldier to express a desire to attend the Welcome Home celebration which will be held in Indianapolis in honor of all soldiers, sailors, marines and nurses of the state who participated in the war.

He appeared at the clerk's office in the court house yesterday and asked where he could register so that he could go to Indianapolis for the celebration, and was referred to T. M. Green, chairman of the county council of defense. No appropriation has ever been made by the county council here, to pay the fare of soldiers who wish to attend the homecoming, as recommended by the state council of defense and state officials, because there apparently was no sentiment here for such action.

Mr. Myers was told by Mr. Green that he would be informed of any action here and left his name and address so that he would be included in case the county decides to pay the fare of returned soldiers to Indianapolis. There is no law under which such an appropriation can be made, but the chief of the state board has announced that all appropriations for this purpose will be passed as legal by examiners for the state board.

Governor James P. Goodrich in a statement to Samuel D. Miller of the executive committee for the Indiana Welcome Home day made just before the governor left for New York, declared emphatically that he wanted every county in the state to feel that it was as much a part of the celebration as the county in which the capital city is located. He said:

"Indianapolis and Marion County are hosts to the returned soldiers, sailors, marines, nurses and others

LEO KING NAMED K. OF C. SECRETARY

Will Serve Overseas at One of Three Score or More Establishments Maintained by Order

WILL REPORT IN NEW YORK

Enlisted Early in War With Sanitary Detachment and Was in France With That Organization

Leo H. King of this city received notice today of his appointment as an overseas secretary of the Knights of Columbus. Recently the order asked for a number of volunteers to go abroad and keep up the good work that they had started at the outbreak of the war among the members of the A. E. P. and Mr. King has been chosen as one of the many secretaries that the order is sending over.

The Knights of Columbus have maintained many huts throughout the various parts of Europe and are giving their best efforts to render to the soldiers the service made possible by the generosity of the American people in the great community drive and it is with particular pride that they point to the three score or more of rest and recreation establishments they have maintained beyond the Rhine, and locations have been secured for at least 200 others, everyone of which is to be the best possible to be obtained in Germany, with the aid of money and ingenuity.

While the war was going on the order did not send any man across who was not above the draft age but now that the armistice has been signed, younger men have been recruited for the work so that they may relieve some of the older ones who wish to return to private life, having come from the business and professional world.

Mr. King has been a member of the local council a number of years and should be able to do the K. of C. justice in his new undertaking. He will report for duty at once to the overseas headquarters at New York City for his appointment. Mr. King enlisted early in the war with the sanitary detachment recruited here by Dr. Lowell M. Green and served overseas with that organization.

WORK FOR FEDERAL COURT

Department of Justice May Handle Linton Investigation

(By United Press.)

Indianapolis, Ind., April 29.—Seeking federal prosecution of persons engaged in the labor demonstrations against strike breakers at Linton last night, Governor Goodrich asked the state, county and city officials in Linton to obtain the names of those participating in the demonstrations.

He explained that inasmuch as the telephone company is controlled by the government, the department of justice or federal court should handle the matter.

MARTIAL LAW IN FORCE IN LINTON

Step Taken to Prevent Violence in Connection With Effort to Deport Strike Breakers

EIGHT PHONE GIRLS WALK OUT

State Militia Company Arrives in Town as Result of Demonstration by Sympathizers

(By United Press.)

Linton, Ind., April 29.—Martial law was declared in Linton at 8:10 today to prevent violence in connection with the effort of the local central labor union to deport eight strike-breaking "hello" girls of the Linton telephone exchange. Soldiers and local police patrolled the streets and dispersed crowds, which collected on street corners. A company of militia came here from Terre Haute early today in charge of Capt. Beauchamp to take charge of the situation.

Three other militia companies from Evansville, Sullivan and Bloomington, arrived later and together with the Terre Haute company patrolled the streets of Linton to guard against any further labor demonstrations in favor of striking telephone operators, whose places have been taken by strike breakers from Indianapolis.

Military forces were in complete charge of the city as thousands of miners walked about, refusing to go to work out of sympathy with the striking "hello" girls.

Adjutant General Smith received word that the miners had obtained arms and munitions and a quantity of whiskey, preparing for a small demonstration tonight.

The stores closed when clerks walked out with the assertion that they would return when the new home telephone company, a branch of the central union, settled the difficulty with the strikers.

With the exception of throwing bricks, no physical violence has occurred since last night.

Several persons were arrested by the militia authorities for hissing soldiers who were forging small gatherings to disperse.

Officers of the telephone company were to meet business men and labor leaders this afternoon in a conference to try to adjust the trouble.

Under order of Gov. Goodrich the town was given over to military authorities at 8:10 today.

No physical violence had been committed at that time but there was a demonstration last night following a mass meeting of citizens called by the labor union.

The trouble started when eight telephone operators walked out last Thursday, demanding recognition of their union, increased wages and shorter working hours. Eight substitutes were imported from Indianapolis and the labor union arose in protest.

After a meeting last night a crowd went to the telephone building and

REPORTS TODAY ARE ENCOURAGING

Additional \$50,000 in Subscriptions to Victory Campaign Brings Total up to \$550,000

3 TOWNSHIPS BELOW AVERAGE

War Exhibit Train, With Escort of Soldiers and Sailors, Will be Here From 7 to 11 Tomorrow

With a repetition today of yesterday's report of \$50,000 being subscribed to the Victory Liberty loan in Rush county, the situation respecting the campaign was decidedly encouraging. If this pace is kept up the remainder of the week, there is a strong possibility of the county passing its quota of \$825,000 by Saturday night. Subscriptions up to this morning amounted to \$550,000.

All efforts are being pointed in that direction, because it is earnestly hoped by those in charge of the drive in the county that the goal will be reached by the end of the week, thus closing the campaign in two weeks from the time it was formally opened.

T. M. Green, who is directing the sales by the township committees, received reports today of an additional \$10,200 sold yesterday, but they came from two townships, Ripley and Anderson, which have already reported. Ripley's sales amounted to \$8,800, making the total reported by the township canvassers \$18,350. Anderson's sales yesterday amounted to \$1,400, bringing the township's total up to \$19,750. This makes \$77,500 sold by township canvassers, according to reports received by Mr. Green.

Some townships evidently have not done any work at all. Orange, Ripley, Anderson and Walker are the only ones which have reported to the county sales director. Reports by the banks indicate that very little work has been done in Center or Union, and no report whatever has been received from Richland township, where there is no bank.

There is still much to be done in order to send Rush county over the top before all the rest of the state is white, and because the campaign the last two days has made encouraging progress, it is urged that the workers not allow it to lag again and lose all that has been accomplished in the few days spurt.

Preparations were completed today for the coming of the war exhibit train, which is expected to be the most popular and entertaining feature of the publicity campaign in connection with the loan drive. The train will leave Indianapolis at 5 a. m. and arrive here at 7 o'clock over the C. I. & W. It will be stationed in West Fourth street and will be open for visitors from 8 until 11 o'clock, when it will go on to Liberty for the afternoon, and will return to Connersville for the evening. The train will be back through here early Thursday morning enroute to Lawrenceburg.

The war exhibit train consists of three flat cars, a baggage car and a pullman sleeper. An escort of sailors and soldiers travel with it, as guards and also to explain the trophies to visitors. All of these men have seen active service during the war and several of them have been the principal actors in thrilling adventures. Nearly all of them have been cited for unusual bravery in action and wear honor medals bestowed by the American and French governments.

Among the many war trophies exhibited on the train is a German machine gun around which was fought one of the hardest hand-to-hand engagements of the war, and which was carried away as a souvenir of an American victory. This

SERIOUSLY HURT BLOWING STUMPS

Elmer Murphy of Richland Township Rendered Unconscious in Accident on Anderson Farm

HE IS EXPECTED TO RECOVER

Elmer Murphy of Richland was seriously injured this morning about 11:30 while blowing stumps on the Lyle Anderson farm east of Richland. Mr. Murphy and Ed Grigsby, also of Richland, were blowing stumps and as Grigsby was some distance from Murphy when the accident occurred he did not know how it happened, and as Murphy is still in a semi-conscious condition he is not able to tell the nature of the accident.

After the explosion Grigsby looked for Murphy and after a search discovered him in an unconscious condition. James Anderson was called and Murphy was taken to his home in Richland, and Dr. W. T. Lampton of Milroy was called. Dr. Lampton states that although Murphy is badly bruised through the stomach and bowels and his head is badly cut, there is no doubt but that he will recover in a short time.

\$12,000 DAILY RATE FOR TAX COLLECTION

This Average Must be Maintained Remainder of Period For Spring Installment to be Paid

NEXT MONDAY THE LAST DAY

Taxes must be paid at the rate of \$12,000 a day, counting today, for all of the spring installment to be paid by the close of the spring tax-paying period next Monday night, according to Charles A. Frazee, county treasurer, who reported today that spring collections amounted to \$230,196.35 up to the opening of business today, which leaves a little more than \$70,000 to be collected. Collections yesterday amounted to \$14,612.92.

Mr. Frazee announced that the treasurer's office would be open Friday, Saturday and Monday nights for the accommodation of Rushville people who can not pay their taxes during the day. On account of this arrangement it is urgently requested that Rushville people not call at the office during the day Saturday because it is desired that day be reserved for farmers who have put off paying their taxes.

DIVORCED, MARRIED AND IN COURT AGAIN

Bessie E. Hoard, Formerly Bessie Borem Asks Decree of Separation From Walter S. Hoard

Divorced December 21, 1918.
Married again March 29, 1919.
Sues for divorce April 29, 1919.
This, in a few words, represents the matrimonial difficulties of Mrs. Bessie E. Hoard, formerly Bessie Borem, who today filed suit for a decree of separation from Walter S. Hoard, \$1,000 alimony, support money during pendency of the case and a permanent restraining order enjoining him from visiting and molesting her. She also requests her name be restored to Bessie E. Borem. Mrs. Borem was divorced by Clarence Borem Dec. 31, last, and was given the custody of her four children, all under twelve.

Mrs. Hoard alleges that in order to induce her to marry him, Hoard promised he would care for the children, but that immediately after their marriage, he commenced to abuse them and her as well, calling the children vile and infamous names and demanding they be placed in a home to be cared for. She says she provided all the clothing and part of the food for them with money paid by her former husband. He charged Hoard frequently threatened to do her harm and did choke her at 1 a. m. April 27. He then abandoned her, it is alleged. The complaint says Hoard is making \$90 a month as a C. I. & W. flagman.

demanded that the strike breakers be taken from the job immediately. H. M. Guthrie, manager of the company of Linton, stood his ground and refused to remove them. He asked aid from the sheriff and police, who then appealed to Governor Goodrich.

In the demonstration, which continued until morning, the operators left the switchboards and took refuge on the roof of the telephone

building. A few bricks were hurled through windows of the building and other windows were broken, but no one was injured.

Frank Wampler, of Indianapolis, general manager of the General Union Telephone Company, parent corporation of the Linton company, is in the city today and he planned to meet with business men of Linton in the afternoon in an effort to adjust the situation. It is predicted that the trouble would be short lived and that an agreement will be reached in a few days at least.

Maxwell —a car built 1/1000 of an inch fine

THE word "fine" has many meanings. Applied to a car it may mean the car looks fine, or it may mean the car is built fine.

The public usually makes up its mind about the former, and hears little about the latter.

Maxwell is a car built to very fine limits. When you begin to separate an inch into one-one thousandth part you will readily realize the pains taken to make the Maxwell right.

It means that each one of the working parts of the Maxwell are made accurate to that exceedingly fine point.

There's a good reason for this. In a great production like the Maxwell there would be a tremendous waste of time and materials unless there was such painstaking accuracy.

It would mean a car \$200 more in price.

That is why Maxwell parts are "ground to size"—the most expensive operation in modern machine shop practice—not hand-fitted as they are in cars costing hundreds of dollars more.

And, by the way, that is why some cars cost hundreds of dollars more.

So that is one of many reasons why there is a 300,000 run on this single Maxwell chassis model. 300,000 built all on the original chassis program. 300,000 that are giving an extraordinary record of themselves.

Each new Maxwell is better than the last. Each new Maxwell is finer than the one that went before.

It is built fine. That is our idea of a fine car.

Hastening Peace

In some quarters there has been some disposition to criticize the peace conference for not hastening peace and leaving the league of nations for settlement afterwards. The criticism has come from abroad as well as from the United States. It is argued, of course, that the American citizen is without the right to criticize the actions of the peace conference because he is not possessed of all the facts and is not acquainted with conditions.

Nevertheless, the feeling has grown that better results could have been obtained by concluding peace with Germany as soon after the armistice was signed as possible, and reserving the prolonged discussion over the world constitution for a future date.

The American soldiers in France and Germany, the men who have suffered most from the delay and feel it most keenly, have been more severe in their denunciation of the prolonged procedure which kept them away from their homeland unnecessarily long. The civilian who did not don the khaki for the protection of his country, may lay himself liable to criticism if he utters any critical comment on the policy which has been pursued at Paris, but it is not without the province of the soldier, who felt all the hardships of war and is longing for a glimpse of American shores, to

speak out his feelings. To him falls the lot to say what he pleases, whenever he pleases, and there is none who is better qualified to criticize like he has. Nothing has been spoken or printed which expresses the feelings of the soldier, held in France because of the delay in concluding peace, better than the following poem which has been sent to the Republican by Major George B. Jones, former Rushville physician who is overseas:

Darling, I am coming back
Silver threads among the black
Now that peace in Europe nears
I'll be home in seven years.

I'll drop in on you some night
With my whiskers long and white
Yes, the war is over, dear,
And we're going home, I hear.

Home again with you once more
Say by nineteen twenty-four
Once I thought by now I'd be
Sailing back across the seas.

Back to where you sit and pine
But I'm stuck here on the Rhine
You can hear the men all curse
War is hell, but peace is worse.

When the next war comes around
In the front lines I'll be found
I'll rush in again pell mell
Yes, I will like hell, like hell.

The peace congress at Paris includes a clause in the provision regarding the trial of the former kaiser, to insure him justice. It will scarcely be necessary to show Wilhelm any such courtesy because he would not appreciate it, since he has proved that he does not know what justice means.

If the returned soldiers of Rush county want a free trip to Indianapolis for the Welcome Home celebration, they should hurry and make themselves heard because the hour is growing late.

Not satisfied with filling farmers with gloomy forebodings over the prospects of a visitation of the seventeen-year locust, the powers that be had to ring in a killing frost.

It is hoped that the war exhibit train, due here tomorrow morning, will not meet the fate of the whippet tank, which was lost in the wilds of southern Indiana.

Any such soldier or sailor must pay such taxes within six months after he is mustered out of service or delinquent fees will be collected as formerly.

SECOND CONVOCATION HELD

Made Necessary by Great Number of Petitions Received

(By United Press.)
Indianapolis, Ind., April 29.—A second spring convention of the Scottish Rite, made necessary by the great number of petitions received, opened here today to continue through May 1.

So many requests have been made by prospective candidates and their friends that the second convocation was decided upon early this month.

The total number to receive the degrees for the first half of 1919 is expected to reach 1,000.

LAMBERT IS CHAIRMAN

D. D. Ira Lambert, pastor of the First Presbyterian church, has been named chairman of Rush county for the after-war program of the Y. M. C. A. by John L. Turner of Greensburg, district chairman. A conference of workers of several counties was held at Greensburg last Friday to work out plans in each community to aid men returned from military service to get back into civilian life.

INSTRUCTIONS TO YANKS RELATIVES

Local Life Insurance Men Can Give Assistance to Soldiers Concerning Government Policy

SOME SUGGESTIONS ARE GIVEN

When Writing to Insurance Bureau be Sure and Give the Desired Information For Results

The treasury department of the bureau of War Risk insurance at Washington, D. C., has suggested that local life insurance men can give any returned soldier information concerning his policy with Uncle Sam. Suggestions are also made concerning the correspondence of relatives regarding allotments and allowances as to compensation and as to insurance. A large number of men in the service having the same name and initial, it is difficult to identify the person referred to unless identifying facts are given when corresponding, to enable the bureau to locate the records.

As an example the war department states that there are over 1,200 Smiths whose names begin with E. To enable the war department quickly to locate the soldier referred to when corresponding concerning allotments and allowances, the following should always be stated: Full name of enlisted man, present address, his allotment number and army serial number, date of enlistment, rank and organization November, 1917, or at enlistment if subsequent thereto, full name of allottee, the relationship to the enlisted man and the address of the sender.

When corresponding as to compensation the following should be stated: Full name of enlisted man, present address, his army serial number, date of enlistment, rank and organization, date of death or discharge from the service, full name of beneficiary and the beneficiaries address.

When corresponding as to insurance, the following should be given: Full name of insured, present address, army serial number, rank and organization when insured, insurance certificate number, date of birth, date of discharge, full name and address of beneficiary. Letters concerning the non-payment of the allotment or allowance, compensation or insurance, should be addressed to the accounting division of the bureau. Letters concerning compensation or insurance due to death or disability should be addressed to the compensation and insurance claims division of the bureau.

TO OPPOSE JAPAN'S CLAIMS IN CONFERENCE

Pres. Wilson Thinks Such Action Would Bring Subject up For Final Decision

HE WILL REMAIN IN PARIS

(By United Press.)

Washington, April 29.—President Wilson is expected by his friends here to speak out in opposition to Japan's peace conference objections in China.

Such action, they say, would bring the whole subject of "secret treaties or open diplomacy" up for final decision before the peace conference.

It is stated by Wilson's friends that he is prepared now to remain in Paris and battle to the end for what he believes is the right settlement instead of being ready to quit the conference if his views do not prevail. It is now the official conviction the president spoke out on the Fiume question in order to pave the way for an announcement of Japan's contentions.

On the eve of the allied meeting with German peace delegates, it developed, according to information received here, that there is continuing difficulty in arriving at a solution of the problem of collecting indemnities from Germany.

NERVOUSNESS ON THE DECLINE

Doctors Encouraged, They Hold Out Hope for All

"Nothing wrong but my nerves". We hear it at home, at work and everywhere. Certainly, nervousness is a disease. A man or woman might better have a broken leg than a shattered, run down nervous system.

Overwork and worry drains the nerve cells and centers of all their strength and vitality. Then you get your sleepless nights, poor blood, nervousness, worry and fear. The better doctors of today know just what to do in cases of this kind. A few weeks' use of Phosphated Iron rarely fails to strengthen and feed the Phosphate-hungry nerve centers.

Phosphated Iron certainly does take hold. The way the majority of patients come back is remarkable.

What a change in appearance, too. The cheeks become filled out and flushed with the healthy ruddy glow that only pure, red ironized blood can give. Eyes sparkle, their step has the spring and swing of youth and their whole system seems to be alive with energy and good spirit.

Mr. Nervous Man or Woman, Phosphated Iron will do all this for you if you will give it a chance. Do not drag around, all in and half dead another day when help is so near. Get busy! and be a live one once again!

To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only, so do not allow dealers to give you pills or tablets. Insist on capsules.

LOCAL BOY GIVES LOAN EXHIBITIONS

Albert L. Updike, Does Daring Air Feats Over Chicago in Interest of Victory Drive

LIVED IN WALKER TOWNSHIP

Now Has Charge of Final Assembly and Testing Departments at Speedway Repair Depot

The name and pictures of a former Rush county boy, Albert L. Updike, well known in Walker township appeared in the Chicago papers, one day last week, in connection with an interesting article on his air exhibitions there in the interest of the Victory loan drive.

Sergt. Updike, until recently a flying mechanic in the U. S. air service, is a recognized authority on the Liberty motor and holds a responsible position at the Speedway repair depot at Indianapolis.

He made the cross-country trip, in the interest of the loan drive, to Chicago from Speedway Field in company with Harry C. Boomstar, flying instructor at the Speedway. The two fliers left the Indianapolis flying field last Tuesday at 11:40 a. m. and landed at Chicago at 3:30 p. m., after making a one and one-half hour's stop at Winamac for a demonstration and exhibitions of stunt flying over practically all the northern Indiana towns on their route.

One Chicago paper printed a picture of the plane flying upside down, fifty feet above the waters of Lake Michigan and pronounced it one of the most daring feats ever witnessed over Chicago.

Sergt. Updike enlisted in the air service over eighteen months ago and has since been located on several of the various fields. Since his discharge a few weeks ago, he has had charge of the final assembly and the testing departments of the Speedway repair depot and is responsible for the condition of all planes leaving the Speedway field.

Sergt. Updike has many friends in this county who are proud of the great success that he has attained in the air service and wish him further honors.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sours and ferments and, passing into the intestines, becomes a breeding place for countless millions of deadly germs—poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and energy; robs them of their vigor and vitality. Biliousness, bad liver, nervousness, blinding, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to the common source—an acid-stomach. Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; disgusting, belching, food-repeating; sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any way connected with the stomach.

Pleasant tasting EATONIC TABLETS that you eat like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess harmful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it!

If you are one of those who have "tried everything," but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today, it costs but little and the results are wonderful!

"The Two Brides" at Princess

Several sets of remarkable beauty have been provided by Director Edward Jose in the new Paramount picture, "The Two Brides," starring Lina Cavalieri, the famous prima donna which is being shown at the Princess theatre tonight. One of these in the reproduction of the old Italian Renaissance period in Italy.

In the story of "The Two Brides" Donata di Marchesi is an impoverished sculptor, living on a rugged island in the Mediterranean. His beautiful daughter Diana, the part played by Mme. Cavalieri, is his model in the sculpturing of a remarkable statue called "The Goddess." This statue is an exact reproduction, facially, of Mme. Cavalieri and is said to be a splendid likeness.

The studio of Donata is a remarkably beautiful one, the stained glass windows used in the set having been purchased long before the war, from an Italian manufacturer for another photoplay, which was never produced, but which filled the necessary requirements of this photoplay most admirably. Numerous old paintings of great value were provided for this set, which will be found to be one of the most sumptuous ever seen in any motion picture.

Tomorrow Constance Talmadge in "Who Cares?" will be shown.

Tom Mix at Mystic

There is no doubt that the American troops in France are showing the Germans new tricks. American ingenuity has startled the world. It is possible to see how clever some Americans are when after bad men by seeing Tom Mix in "Treat 'Em Rough," which is being shown at the Mystic theatre tonight.

The cattle rangers baffle Mix for a short time, possibly because he does not possess a seventy-two centimeter gun, but Tom quickly overcomes all that by using a horseless wagon as a battering ram. A real thrill of a life time is provided as he speeds down the mountain side in this wagon and dash through the bandit's hut.

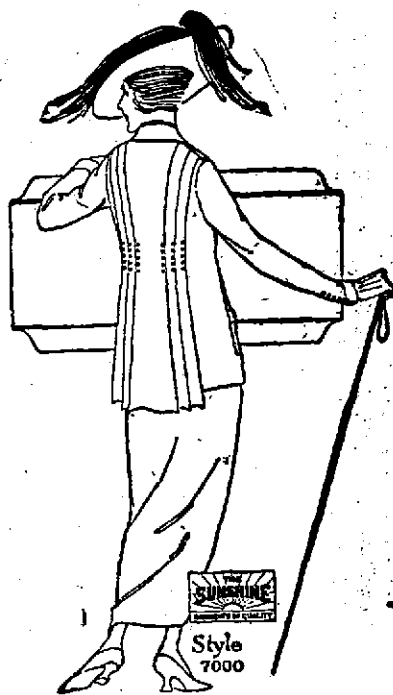

Tomorrow Mary Miles Minter in "The Eyes of Julia Deep," and a two act comedy drama, "Throughout the Storm," will be shown.

In brief, "The Eyes of Julia Deep" is a comedy drama having to do with a little girl who sits at the exchange desk of Timothy Black's store and listens to complaints by day, and at night she tries to in-

EVENING DRESSES TABOOED

Evansville High School Cuts The H. C. L.

(By United Press.)

Evansville, Ind., April 29.—Evening dresses at the commencement exercises of the Evansville high school in June are taboo. This agreement was reached by members of the senior class when they met to discuss plans for graduation day.

Furthermore there will be no more flowers, no caps or other frills. No dress will cost more than \$15 the girls say.

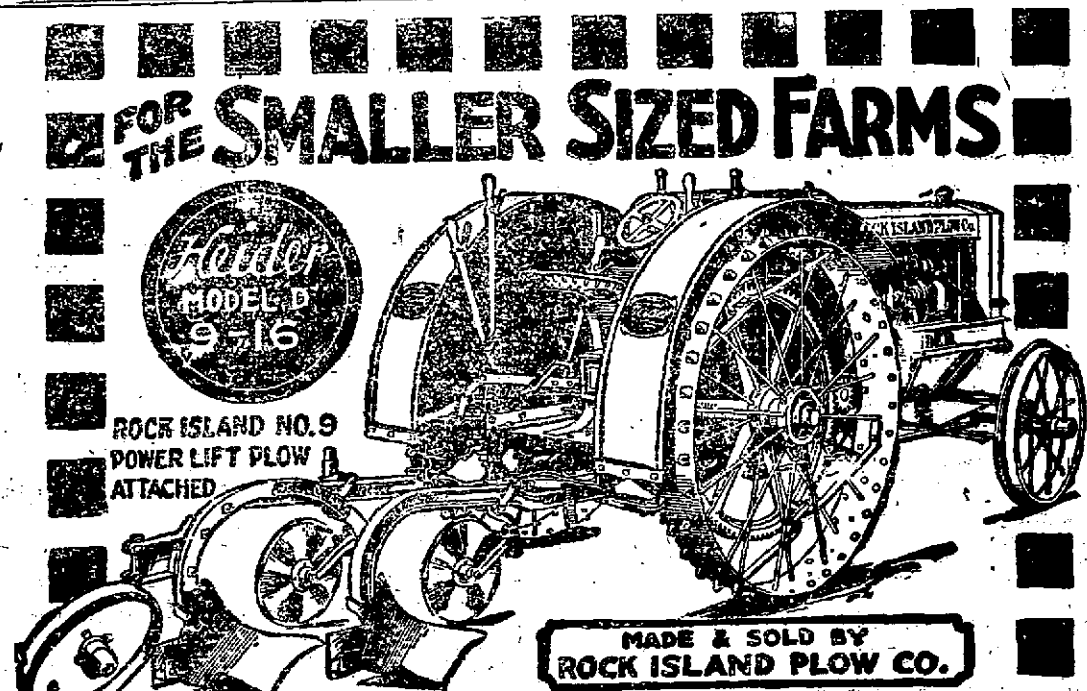

The boys also have pledged themselves to practice economy in the matter of commencement day attire.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet, and limbs, weakness, dizziness, nausea, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—to be the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in **GOLD MEDAL HAZELTON OIL CAPSULES**. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL HAZELTON OIL CAPSULES are prepared from the laboratory of the **WILLIAMS' PINK PILLS** Co. Do not accept a substitute. It costs but three cents.

A REAL ONE-MAN OUTFIT

The Helder Model "D" 9-16 makes power farming POSSIBLE and PROFITABLE on the smaller or medium sized farm. When equipped with Rock Island No. 9 Power Lift Plover it is the handiest plowing unit you could own.

No. 9 plow is made especially for the Model "D" and is directly attached to the platform. With this combination you can turn square corners, plow closer to the fence and get into the corners—making every acre count.

Plow is operated by automatic power lift—your foot controls the plow, your hand guides the tractor.

KEROSENE OR GASOLINE
This 9-16 has specially designed manifold—burns either kerosene or gasoline.

Special friction transmission, 7 speeds forward 7 reverse, 4 wheels, 4 cylinders, heavy duty Waukesha motor. Sold with or without plow attached. Standard draw bar for pulling discs, hay tools, wagons, spreaders, binders, mowers, etc. Belt power for running smaller sized grain separators, silo fillers, corn shellers, etc. Will pump water, saw wood, run cream separator or washing machine.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting exactly the cultivation you want it to have, you think what a blessing it is that you have a machine to do all that work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

HOW TO OBTAIN BACK ARMY PAY

War Department Warns Soldiers Lawyers Are Needless.

RED CROSS WILL ASSIST

Full Instructions Are Given Telling How Discharged Officers and Enlisted Men May Collect Arrears in Pay—Claims for Insurance and Allowances Should Be Sent to the Bureau of War Risk Insurance.

It has come to the attention of the war department that the claims of many discharged officers and enlisted men for arrears in pay are being forwarded to the director of finance by attorneys and other claim agents. Without questioning such procedure, it is desired to emphasize the fact that the settlement of any claims received as above is not expedited but, on the contrary, is delayed by reason of the additional filing and handling of the necessary papers of the agent or intermediary. The claim of the soldier is all that is required, and such claim should be submitted directly by the discharged officer or soldier to the war department, which will give the aforesaid claims as prompt and careful consideration as possible. Any fee paid by the soldier to an attorney or claim agent is a needless expense.

Attention is invited to the fact that claims for arrears in pay, including travel pay, should be sent to the director of finance, Washington, D. C.

How to Get \$60 Bonus.

Claims for the \$60 bonus authorized by the act of February 24, 1919, should be sent to the zone finance officer, Lemon building, Washington. The application for bonus should be accompanied by (a) the discharge certificate or order for discharge or release, if no certificate was issued, but both were issued, the paper bearing indorsement of final payment being required; (b) a statement of all military service since April 6, 1917, showing place and date of reporting at first military station, and (c) the address to which the check should be sent.

Inquiries concerning deliveries of Liberty bonds purchased by allotments from army pay should be addressed to the zone finance officer, Washington, D. C.

Claims for arrears of pay due a deceased officer or enlisted man at time of death should be addressed to the auditor for the war department, Washington, D. C.

All claims for insurance, unpaid family allowances and compensation for death or disability, under the war risk insurance act should be made direct to the bureau of war risk insurance, treasury department, Washington, D. C. Considerable time will be saved if all such claims are dispatched direct rather than to the war department, which does not pay such claims, but refers them to the bureau of war risk insurance, treasury department, and the mistake of addressing such claims to the war department only results in considerably delaying their settlement.

Allotments of pay when no government allowance is concerned, are paid through the army allotment system, war department, and inquiries concerning such claims should be addressed to the zone finance officer, Washington, D. C.

The fact that there is no necessity to employ attorneys or other claim agents in collecting claims of soldiers or their beneficiaries applies just as emphatically to war risk insurance claims as to army pay, travel pay and bonus against the war department.

Red Cross Will Assist.

The department of orphan relief, American Red Cross, through its home service sections, is glad to assist all discharged officers and soldiers, or their beneficiaries, who have claims against the government in making out any necessary papers or correspondence.

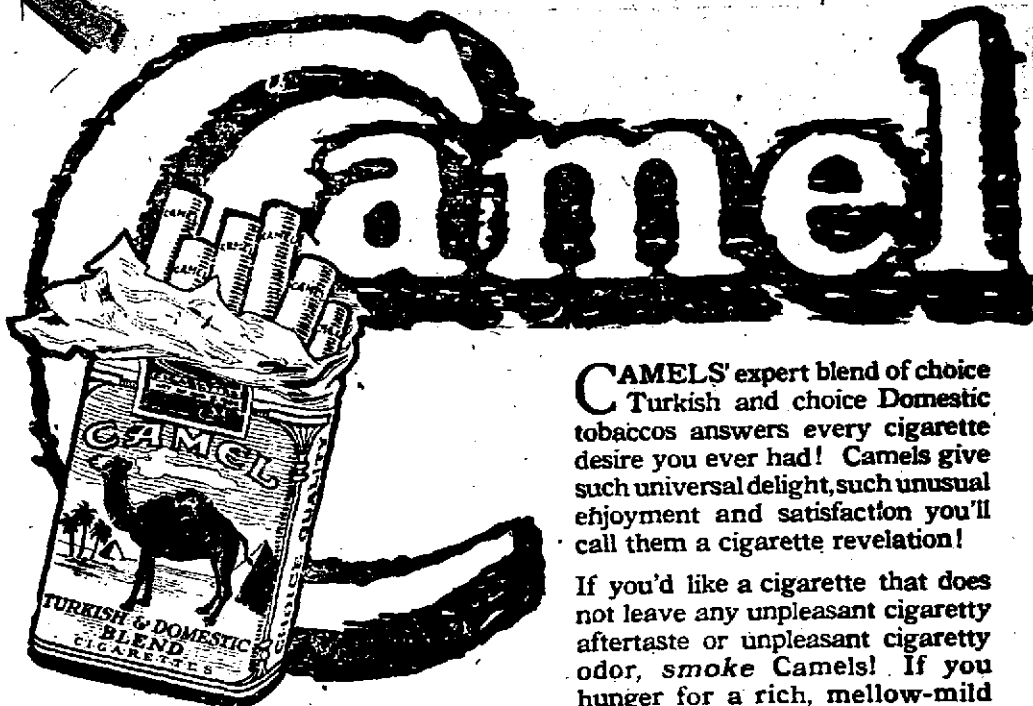

The bureau of war risk insurance urges the following points to be observed:

"In writing to the bureau of war risk insurance with reference to a claim for compensation or insurance on account of death or disability, address your letter as follows: Compensation and Claims Division, Bureau of War Risk Insurance, Washington, D. C. In case you are writing about a death claim, give the full name, rank and organization in the service of the deceased person, and if he died in the service, the date of his death, and if he died after discharge from the service, the date of his discharge.

"If he had insurance and you know the insurance certificate number, state the insurance certificate number also in your communication. If you are a disabled man discharged from the service, or are writing on behalf of a man disabled in the service, state the full name, rank, and organization in the service and the date of discharge from the service, and in every instance give the man's correct home address and the address to which a reply should be directed by the bureau of war risk insurance."

Traced the Pantalones.

The only description the Minneapolis police had of Dolly Ellsberry, nineteen, was that she wore green pantaloons. They found 'em on a clothes line. She confessed robbery.

PIANO OR LIBERTY BONDS

Successful Business Woman Says She Cannot Buy Luxuries Until Victory Liberty Loan Is Triumphantly "Put Over."

"No, I haven't bought my piano yet. I was just about to buy one when the first Liberty loan was announced, and I couldn't make it seem patriotic to spend for purely personal purposes the money that might also help the government. I felt just the same way about the second Liberty loan and the third and fourth, and of course I shan't think of buying a piano now until the Victory loan has been triumphantly 'put over.' I couldn't make it seem right."

The speaker last year "wrote" over \$100,000 worth of life insurance business. This year she expects to attain a \$200,000 total, having already \$140,000 to her credit since last July, when the current "insurance club year" started. Oh, yes, she's a real woman! Her name is Maud M. Freeman and she's known to thousands of Chicago business men and women.

She could have bought a piano several times over and still have done her duty by herself and her country in the way of buying Liberty bonds. But—her full duty, as this patriotic and successful citizen sees it, means helping on the work of the United States government in every possible way.

She does her duty in the way of War Savings stamps also, to say nothing of Thrift stamps. The latter she uses as tips when traveling, etc. Last

Christmas she used them, almost exclusively, for presents for children, young people, intimates. Next Christmas she plans to do the same, while all through the year Thrift stamps will serve her, whenever possible, as "small change" or currency.

—HELP "FINISH THE JOB."—

The money to be raised by the Victory Liberty loan already has been spent. It furnished the "punch" that won the war and saved the lives of 109,000 of America's bravest boys. It is this unshed blood you are paying for when you subscribe to the Victory Liberty loan.

The war is not over, and our duty to support our forces is not over until they are back home again. The Victory Liberty loan is to bring them back—to finish the job.

We are still the world's Big Brother. Stand back of the Victory Liberty loan.

PERMIT CHANGES FOR ROAD CONSTRUCTION

Where Contracts Have Not Been Let
and Found More Expedient
Under Unit Law

OPINION OF ELE STANSBURY

Ele Stansbury, attorney general, in an unofficial opinion submitted to M. E. Noblet, secretary of the Hoosier State Automobile Association, held that it would be proper for county commissioners to set aside proceedings for the construction of a road under the three-mile road law if the contract had not been let and it was found more expedient to build under the county unit law.

"Where proceedings have been commenced for the construction of roads under the three-mile gravel road law," the opinion reads, "and where no contracts have been let and the commissioners desire to make improvements under the county unit law and proper petitions have been filed and proceedings had therefor, it will not be improper for the board of county commissioners to take up and reconsider the three-mile road proceedings."

In such a case, the attorney general says, "it must be found that the road sought to be improved under the three-mile road law is covered by a proceeding under the county unit law." He also pointed out that in order to make the change it would be necessary to determine that "the board of county commissioners intends to order the construction of an improvement equal or better than the one ordered under the township proceedings."

The city or suburban home that attaches to itself a garden has done more than merely to provide a source of fresh vegetables.

It has taken a big step toward making that particular household dependent only upon itself.

It has done its part toward eliminating the duplication of effort that comes through shipping foodstuffs to communities that have unused lands capable of supporting a large part of their population.

It has provided a place where the youngsters of the family can get an elementary insight into the wonderful workings of natural forces.

It has made a workshop where the leisure hours of the older members can be converted into tangible and profitable results.

Get a garden going for the good it gives.

The Cash Value of Public Opinion

Like a dirty, frayed collar on a man in a \$60.00 suit, an "untidy" fence discounts a fine farm in public opinion.

And as a clean collar offsets to a great extent the frayed "hand-me-down," a Page fence adds dignity and prestige to the humblest farm home.

Your banker, your storekeeper, your neighbors, the man who may be looking around to buy a farm—their opinions are based partly—sometimes strongly—upon what they see.

And their opinions have a cash value that will be a big asset to you in your business transactions with them.

A PAGE FENCED FARM IS NOT ONLY THE SIGN OF A GOOD FARMER

But is also reliable evidence that the good farmer HAS A GOOD FARM. The reputation of your farm is a business asset which deserves protection.

NEWLYWEDS MISSING FOR MORE THAN A WEEK

Mr. and Mrs. Wesley Coers, Who Were Married Here March 26 Disappear From Home

A DESIRE TO SEE THE WORLD

Shelbyville, Ind., April 29.—Mr. and Mrs. Wesley Coers, who were married in Rushville on March 26, have not been heard from since Saturday, April 19, when they left this city, evidently with the intention of seeing the world. Both are eighteen years of age and well known in the Blue Ridge community.

Mr. Coers is the son of Henry Coers, a prominent farmer one and a half miles west of Blue Ridge, and since his marriage to Miss Manetta Bair, adopted daughter of Mr. and Mrs. Philip Redenbough, of Rush Co., has been living with his wife at the home of his father. A week ago last Saturday, without any word to his father, he sold his horse and buggy and drew his money from the two loan companies in this city and boarded a train with his young bride.

No other reason can be assigned for their departure than an overpowering desire to see a little of the world. Neither have been away from home before except young Coers, who was at an Indianapolis hospital for two weeks. Home conditions were ideal.

CHARLOTTESVILLE MAN WINS IN HIGHER COURT

Suit Over Farm Trade Which Was Filed Here, is Decided in Favor of Richard R. Harter

MISREPRESENTATION, ALLEGED

The Indiana appellate court has ruled in favor of Richard R. Harter of near Charlottesville, Rush county, in a case which J. Edward Morris, a real estate dealer of Indianapolis, filed against Mr. Harter in the Rush circuit court and was finally tried in the Marion circuit court before Judge Dubank. The trial judge found in favor of the Indianapolis real estate dealer and Mr. Harter appealed with the result that the higher court was reversed.

The suit involved the trading of Mr. Harter's farm to Mr. Morris for a farm in Starke county. The Rush county man alleged the Starke county farm was misrepresented to him and refused to abide by his contract, and Morris sued. The higher court decided the trial judge erred in overruling Mr. Harter's demurrer to the complaint, and that the contract entered into by Mr. Harter with Mr. Morris was not binding because the acceptance was not delivered in the specified time.

The suicide rate of Germany was before the war, the highest in the world—twenty-one in 100,000 year.

WOMAN CRIED WITH PAIN

Thousands of women work while suffering from kidney or bladder ailments that can be relieved. Mrs. L. Wayne, 2726 3rd St. Ocean Park, Cal., writes: "I had to sit down during my housework. My back ached so, also my hip pained me so I used to cry out, the pain was so great. Now I am thankful to say that Foley Kidney Pills rid me of all my pain." Backache, sore muscles, stiff or swollen joints, rheumatic pains are indications of kidney trouble. Foley Kidney Pills are safe and reliable. They bring quick results. F. B. Johnson.—(Adv.)

F. C. DEGREE

The F. C. degree will be conferred by Phoenix lodge No. 62, F. & A. Masons, Tuesday evening at 7:30 o'clock, on a class of eight candidates. Every member is urged to be present.

Over two thousand years ago the ancient Gauls made good soap of beech ashes and the fat of goats.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

"NEUTRONE PRESCRIPTION 99"

A working man buying a bottle of "Neutrone Prescription 99" was asked how it was helping him. "Helping me," he replied. "Why, there is nothing on earth like it. You don't know how my poor swollen, stiff joints and muscles pained and burned. I was nearly crazy with suffering and the worry of losing so much time and pay. "Before I knew about 'Neutrone Prescription 99' I tried all kinds of tablets and liniments, but one bottle of 'Neutrone Prescription 99' helped me so much that I am never without it now, all pain and swelling is gone and I feel like doing things." "Neutrone Prescription 99" certainly must be a wonder," the druggist replied. "We have never handled anything like it, they all say the same", 50c and \$1.00 the bottle.

came out of a drug
store.

You know that pepsin is good for indigestion but pepsin could never do what PEPSINCO will. We have dealt in medicines long enough to know the various uses and value. We unhesitatingly say that PEPSINCO is the best remedy for indigestion, gas, flatulency, food distress, sour stomach and pains under the ribs, that ever came out of a drug store. Sufferers of indigestion and dyspepsia will do well to take PEPSINCO.

Ask your druggist—he sells and recommends Pepsinco.

BUY THRIFT STAMPS

WOMEN WILL RECEIVE
MANY VICTORY LOAN MEDALS

As in Former Liberty Loans, Women of District Will Do Great Work in "Carrying On" to Success the Victory Liberty Loan.

Ten thousand medals made from captured German cannon are to be distributed to women Victory Loan workers throughout the states of Illinois, Iowa, Michigan, Indiana, and Wisconsin at the close of the coming campaign.

The United States treasury department has taken this means of showing its appreciation of the work done by thousands of volunteer workers in Liberty Loan drives. The medals are to be made from German cannon captured by American troops at Chateau Thierry. These cannon have been melted, and the metal rolled into sheets, from which the medals are made.

This badge will be the first of its kind to be distributed in the United States since the war. It will be about the size of a half dollar, and will contain on one side a reproduction of the United States treasury building, with the words, "Victory Liberty Loan," and on the other side the certification of the work done in the Victory Loan campaign with a blank space in which the name of the recipient will be engraved.

Women all over the country have shouldered a large share of the work in preceding loan campaigns, and the roll of honor undoubtedly will be just as large in the coming Victory Loan. In the last drive more than \$3,000,000 was subscribed in amounts of \$1,000 or less, much of which the women's committees were responsible for.

Victory Liberty Loan workers will include many prominent women from this as well as from other districts. Mrs. G. Edgar Allen of Detroit has been appointed state chairman for Michigan. Other state chairmen working under the leadership of Miss Grace Dixon, woman's director for the Seventh Federal Reserve district, are: Mrs. Howard T. Willson, chairman for Illinois; Mrs. James Mariner, Wisconsin; Mrs. F. H. McCulloch, Indiana, and Mrs. W. W. Marsh, Iowa.

These are only a few of the many women who will lay aside social and business responsibility for patriotic service during the Victory Liberty Loan campaign, and who will be among the thousands of recipients of the Victory Liberty Loan medals.

HAROLD W. ROBERTS,
Corporal, Company A, 344th Battalion, Tank Corps.

For deliberately going to his death to save a companion in the Montrebeau woods, France, October 4, 1918, Corp. Roberts was awarded the Distinguished Service Cross. Corp. Roberts, a tank driver, was moving his tank into a clump of bushes to afford protection to another tank which had been disabled. The tank slid into a shell hole, ten feet deep, filled with water, and was immediately submerged. Knowing that only one of the two men in the tank could escape, Corp. Roberts said to the gunner, "Well, only one of us can get out, and out you go," whereupon he pushed his companion through the back door of the tank and was himself drowned. Corp. Roberts' home address was 5 Market street, San Francisco, Cal.
